# Choose your size.

Measure the band flat and unstretched. Dimensions are in millimetres.

| ECO-BAND | L × W × T (mm) | COMMON SIZE NO. | COLOURS                           |
|----------|----------------|-----------------|-----------------------------------|
| VGT-4038 | 40 × 3 × 0.8   | 28*             | Blue, Red, Purple                 |
| VGT-5037 | 50 × 3 × 0.7   | 30              | Black, Purple, Red                |
| VGT-5046 | 50 × 4 × 0.6   | 30*             | Green                             |
| VGT-5057 | 50 × 5 × 0.7   | 30 / 61*        | Green + Black, Blue + Red, Purple |
| VGT-5067 | 50 × 6 × 0.7   | 61              | Purple                            |
| VGT-6467 | 64 × 6 × 0.7   | 62              | Red, Purple                       |
| VGT-7537 | 75 × 3 × 0.7   | 32              | Red                               |
| VGT-9037 | 90 × 3 × 0.7   | 33              | Purple                            |
| VGT-9067 | 90 × 6 × 0.7   | 64              | Red, White                        |

\* Approximate comparison: No. 28 is 38 × 3 mm; VGT-4038 is 40 × 3 mm. No. 30 is 50 × 3 mm; VGT-5046 is wider. VGT-5057 falls between No. 30 (3 mm wide) and No. 61 (6 mm wide). Common rubber-band size numbers compare length and width only; stretch, strength and fit may differ.

Confirm colour availability and packing when ordering.

## Measure flat, without stretching.

Lay the band flat and measure end to end.  
Width is the width of the band material.  
Thickness is the gauge of one layer.

### READ THE CODE

VGT-5057  
50 × 5 × 0.7 mm

Flat length × width × thickness
