

Tag Bands

Tag and band. Ready together.

A paper tag and band supplied pre-assembled for your packing team.

Less assembly at the bench

The tag arrives attached to the band, helping reduce handling time and labour costs.

Keep the tag with the produce

An attached tag helps reduce detached or missing tags in retail displays.

Recyclable paper tag

A paper tag keeps your branding and product information visible.

A band customers can reuse

The band is made from recycled material and can be reused.

Made around your produce.

Discuss the tag artwork, tag dimensions, band colour and fit with our team. Ask about samples to check presentation and handling on your own produce.

Your produce

Crop, bunch size and a photo of your current packing.

Your tag & band

Artwork, tag dimensions, band colour and fit.

Your order

Quantity, delivery postcode and required date.
